Downloading PyMOL

[🔖 Bookmark this page](#)

Important Note: PyMOL work in this course is optional and ungraded! We cannot guarantee that PyMOL will work on your computer, and cannot provide Technical Support for PyMOL! Please work patiently and troubleshoot on your own!

We have permission from the makers of PyMOL to direct students of this course to the educational-use-only version of PyMOL.

[Click on this link to go to the website to register for and download PyMOL.](#)

See the example form below. Please fill out the form in the manner specified here, **substituting your name, your email, and your phone number**. You do not need to use an email that ends with .edu.

I am a:

Student ▾

Your First Name:

Your Last Name:

Your Email Address:

Your Telephone Number:

Institution:

Comments (optional):

Degree:

Other ▾

Subject Matter:

Name of Your Advisor or Instructor:

Anticipated Award Year:

Unknown ▾

Continue

Click "continue"

You will then see a page asking that you certify several things, including that you are a full time student. You have permission to use this version of PyMOL for this course, so enter the security characters and **click "I agree."**

You will then receive an email with instructions to complete the PyMOL download and installation.

****Note: check your spam folder if you do not see the email!****
